

Feedback from Parents Session: 2019-20

Parents feedback

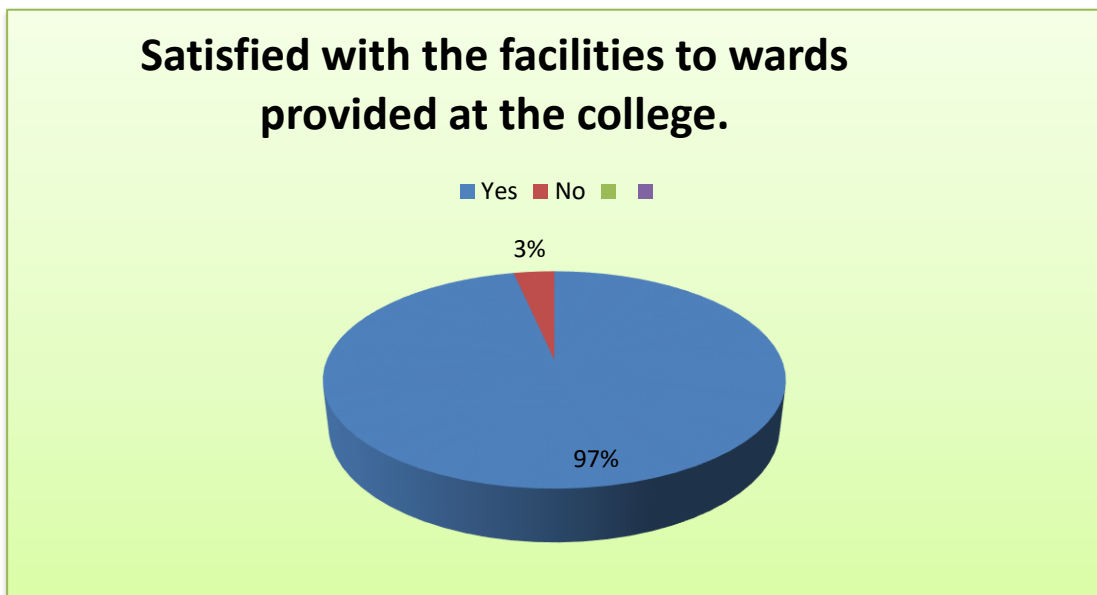

Feedback of the parents is considered as an important asset for the development of any educational institution. Feedback is taken from 118 parents about the curriculum and the college for the year 2019 - 2020. Majority of the parents 97% are satisfied with the facilities provided at the college. 95% of the parents are satisfied with the curriculum offered and an average of 43% of the parents opined that the skills and education gained by their wards at the college has helped them to obtain a job or self employment. Also, 93% of the parents reported that the education obtained at the college has helped their wards in developing their personality.

Feedback analysis report

1. The feedback analysis reports that the parents are highly satisfied with the facilities and curriculum offered by the college.
2. It is also evident from the analysis that the educational institution has provided employment to the wards of parents.
3. It is also very motivating that the parents have expressed their high satisfaction over the role of college in their wards 'personality development.
