

Academic Session 2017-18

Rajiv Gandhi Memorial Govt. College Joginder Nagar, Mandi, Himachal Pradesh

2.7. Student Satisfaction Survey

2.7.1. Student Satisfaction Survey (SSS) on overall institutional performance

For the academic year 2017-18, students' feedback was sought from 214 students about the curriculum and teaching learning process and college infrastructures.

Majority of the students 63% agreed that the method of teaching was excellent although semester was very short and syllabus was very much challenging.

Most of the students as 97% agreed that teachers covered the syllabus well in time. Around 45% of students have given excellent, 22% of students have given very good and 26% of students have given good for the satisfaction with discussion of topics with the teachers, the way seminar/quiz conducted and tutorials were given and solved.

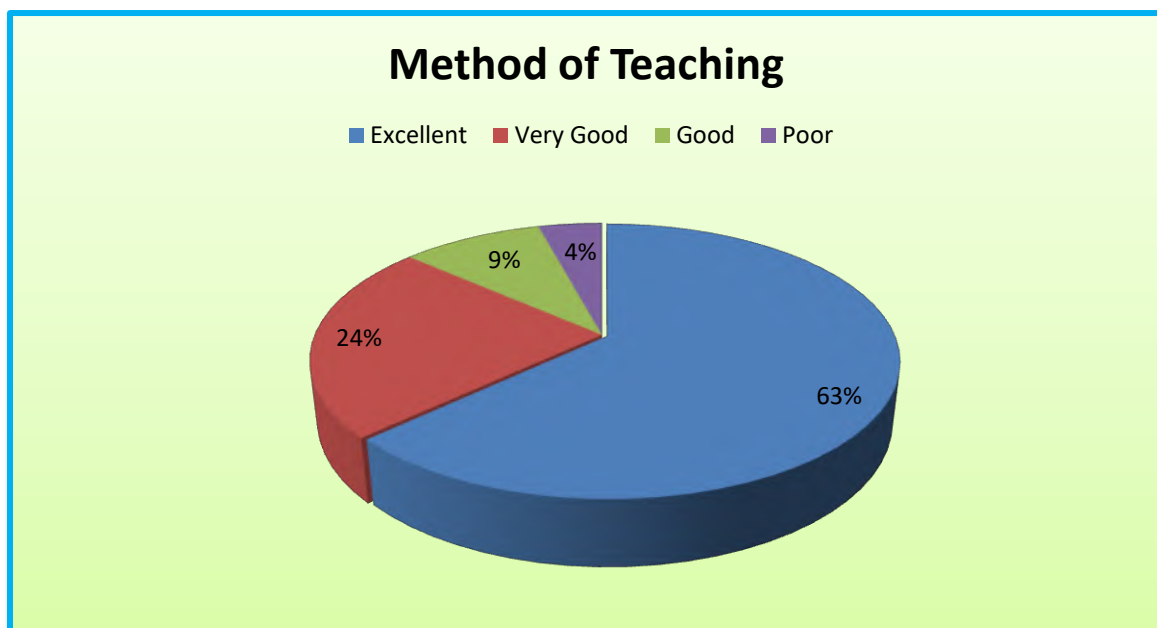

Around 49% of the students suggested that teachers have delivered the course content with good mastery, 21% of students given very good and 26% of students have given good over their respective field of specialization. These also viewed that variety in the teaching was very good and course content was delivered by the teachers in a well planned sequence with necessary skills.

Understanding the topic is an important step in the learning process. 85% of students have excellent Level of understanding.

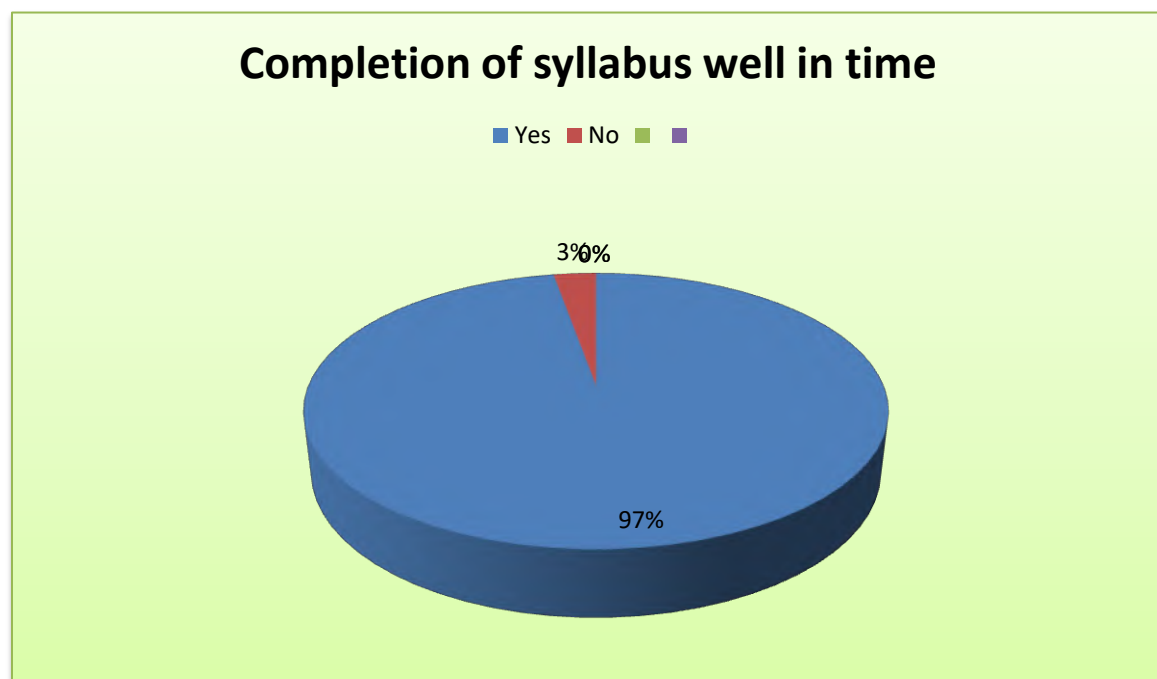

Student assessment is a critical aspect of the teaching and learning process. It is important for instructors to strategically evaluate the effectiveness of their teaching by measuring the extent to which students in the classroom are learning the course material. About 82% of overall assessment of teachers are excellent.
